SUMMARY

Backend-focused software engineer with three years of professional experience building production REST APIs and working with relational databases. Comfortable owning features end to end, from design through deployment.

SKILLS

Python, FastAPI, Django, PostgreSQL, MySQL, Git, Docker, REST APIs, Linux, AWS, Unit Testing, CI/CD

EXPERIENCE

Backend Engineer at BrightTech Solutions

Aug 2023 - Present

Built and maintained REST APIs using FastAPI and PostgreSQL, serving over 50,000 daily active users. Containerized services with Docker and deployed via CI/CD pipelines on AWS.

Software Developer at CodeWorks

Jul 2021 - Jul 2023

Developed internal tools using Django and MySQL. Collaborated with frontend engineers on API contracts and wrote unit tests for critical business logic.

EDUCATION

Bachelor of Science in Computer Science, University of the Punjab

2017 - 2021

PROJECTS

Inventory Management API - FastAPI + PostgreSQL backend for tracking warehouse stock levels with role-based access control.
